

DIVINE MERCY EARLY CHILDHOOD

# Open House!

## Sunday, September 24

DIVINE MERCY  
EARLY  
CHILDHOOD

At Divine Mercy Early Childhood our philosophy and structure of education is similar to those of other private and/or public schools. DMEC provides a structured academic program that addresses the developmental needs of children beginning at the age of 2 years, in an atmosphere rich with Christian family values. Children's needs are met with an environment that promotes social, educational, emotional, and physical growth. The goal of DMEC is that each child will move on to the Catholic School System armed with a strong foundation for life-long faith, high moral values, healthy self-esteem and educational excellence.
